[Annual User Evaluation](#)

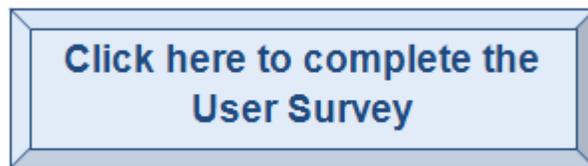

[Don't Forget Your Placement Surveys](#)

Greetings from the FAEIS team at Virginia Tech. If you are not familiar with this important project from USDA/CSREES, [click here](#) to read about FAEIS and why it is important to you.

Annual User Evaluation

The FAEIS project has conducted annual user evaluation surveys since coming to Virginia Tech in 2002. Beginning in 2007, the annual user survey was re-designed to allow for longitudinal evaluations of annual survey results.

Click on the button below to complete the User survey. It is only 9 questions long and will take you 5 minutes or less to complete. Your answers and feedback are vital to the complete mission of FAEIS.

Don't Forget Your Placement Surveys

Along with Enrollment and Degrees Awarded, the annual FAEIS Student Surveys also include a Placement Survey for graduates at all degree levels, and this survey provides some of the most valuable data collected by FAEIS.

We know that placement data is harder for you to obtain, and often is not available when you are entering your data for enrollment and degrees awarded. That's why we are including this reminder to please remember to complete the FAEIS Placement Surveys for your students who graduated in 2007.

Need Any Help?

We've tried to make FAEIS Data Entry and Report Builder simple and intuitive but we know there are still some challenges when you are first getting started. We're here to help! Call us at 540-231-4941 or e-mail us at : faeis@vt.edu.
